

REMBRANDT PRINT GIVEN TO MUSEUM

In honor of Dr. William M. Milliken, Director Emeritus of The Cleveland Museum of Art, the Print Club of Cleveland has presented an etching by Rembrandt to the Museum's collection. This etching, entitled "Christ Preaching", is one of Rembrandt's most appealing subjects. Formerly in the famous Pierre Remy collection of Paris, it is one of the most brilliant impressions of the print in existence, and materially strengthens the Museum's collection of Rembrandt's prints. Executed about 1652, the etching is a later and more compact version of the etching popularly known as the Hundred Guilder Print.

The gift was officially presented at a dinner in honor of Dr. Milliken held at the Skating Club by about 120 members of the Print Club and their guests on Thursday May 29th. Mrs. N. P. Boynton is President of the Club.
